Product Description

- The sofa is manufactured using a fitted system with fabric options.
- Quilting is applied to both the frame and back cushions.
- The fabric covers feature piping details along the front armrests and seat, with the frame piping customizable within its category.
- The frame includes an inner lining with a fiber layer.
- The upholstery can be either fabric or natural leather.
- To ensure seating flexibility, elastic webbing is applied to the base, followed by various foam layers.
- The structure consists of a single-piece metal frame.
- The injection-molded legs are finished with a black nickel coating.
