6-8 weeks + Shipping

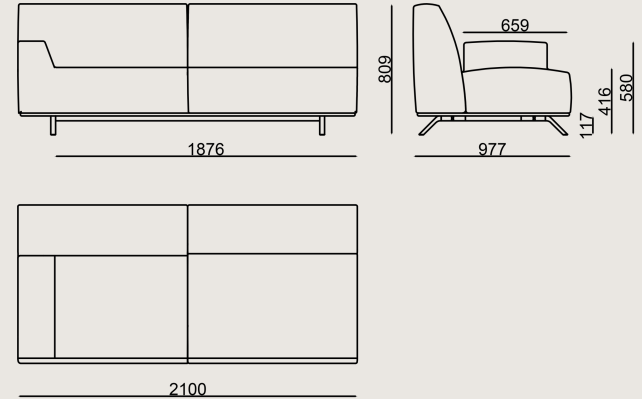

The product is delivered assembled.

Product Description

- The features an internal structure with a steel frame.
- To ensure the necessary flexibility in the seating area, elastic webbing is applied to the seat frame and various density foams are used on top.
- The wooden base used on the bottom part of the sofas is finished in smoked oak veneer.
- A concealed 'crocodile' interlocking connector is employed to secure modular sections and prevent lateral movement.
- The legs feature a matte black or matte antique brass finish.
- Protective furniture glides are attached to the bottom of the legs to protect the floor.
